About Me

- Full Stack MERN Developer with hands-on experience in building scalable e-commerce and web applications using React.js, Redux Toolkit, Node.js, Express.js, and MongoDB. Skilled in RESTful API development, JWT authentication, role-based access control, and responsive UI design..

Technical Skills

Languages: HTML5, CSS, JavaScript (ES6+), TypeScript, Redux Toolkit,

Frontend Development: HTML,CSS,JavaScript (ES6+),React.js, Tailwind CSS,React Router,TypeScript,Axios/Fetch API,Git GitHub

Backend Development: MongoDB, Express.js, Node.js, REST APIs, JWT Authentication, Mongoose, Cookie-Based Authentication,Google OAuth,,Role-Based Access Control,

Experience

Synnefo Solutions

Jun 2025 -- Present

MERN Stack Development Intern

Ernakulam, Kerala

- Developed a service to automatically perform a set of unit tests daily on a product in development in order to decrease time needed for team members to identify and fix bugs/issues.
- Built dynamic web applications, integrated frontend with backend APIs, and managed databases efficiently.
- Strengthened skills in RESTful API development, state management, and responsive UI design.
- Explored ways to visualize and send a daily report of test results to team members using HTML, JavaScript (ES6+), and CSS.

Synnefo Solutionsx

Apr 2024 – Apr 2024

Python Django Development Intern

Ernakulam, Kerala

- Completed a short-term internship focused on Python and Django development.
- Gained hands-on experience in building backend features and working with databases.
- Strengthened skills in web application development and basic API implementation.

Projects

Double Barrel – E-Commerce Web Application | *MERN Stack, TypeScript, Redux Toolkit, MongoDB*

2025

- Developed a full-stack E-Commerce Application using the MERN stack with TypeScript and Redux Toolkit, following a scalable and maintainable architecture.
- Implemented Google Authentication and secure role-based access control for Admin and Customer users.
- Built key features including product listing and management, category handling, size-based inventory, cart management, and order workflows.
- Designed responsive and reusable React components with efficient global state management using Redux Toolkit.
- Developed REST ful APIs using Node.js and Express, and optimized data storage and retrieval with MongoDB.
- Collaborated with teammates on feature planning, code reviews, debugging, and performance optimization.
- GitHub: Double Barrel

Weather App – Real-time Weather Finder | *HTML, Tailwind CSS, JavaScript (ES6+), OpenWeatherMap API*

2025

- Built a responsive weather application that fetches real-time weather data using the OpenWeatherMap API.
- Implemented city search and automatic detection of the user's current location using the Geolocation API.
- Displayed temperature, humidity, wind speed, precipitation, and feels-like temperature with a clean UI.
- Enhanced skills in API integration (async/await), DOM manipulation, error handling, and responsive design.
- Live Demo: Weather App

Contact Management Application | *Node.js, Express.js, MongoDB, HTML, CSS, JavaScript (ES6+)*

2025

- Developed a full-featured web application supporting CRUD operations, real-time search, filtering, sorting, and pagination.
- Implemented strong frontend and backend validations including username rules, phone format checks, and duplicate prevention using MongoDB constraints.
- Followed MVC architecture for clean code organization and long-term maintainability.
- Strengthened skills in full-stack development, REST API design, and database handling.
- GitHub: Contact Management App

React + Tailwind CSS Web Project | *React.js, Tailwind CSS, Vite, Vercel*

2025

- Built a modern, responsive web application using React.js and Tailwind CSS with reusable components.
- Optimized build and deployment workflow and deployed the application on Vercel.
- Implemented responsive design, state management, and best practices for file structure.
- Enhanced skills in React fundamentals, UI/UX design, deployment, and performance optimization.
- Live Demo: React + Tailwind Project

Education

Ilahia School of Science Technology

2023 – 2025

Computer Engineering Diploma

Ernakulam, kerala

Plus Two: Govt.VHSS Tripunithura

2021 – 2023

Filed Technician computer peripherals

Tripunithura, kerala
